

An Update from the Literacy Coalition

L A T E S T N E W S

SPRING 2021

AmeriCorps
Florida

Our **Literacy AmeriCorps** members are teleserving and getting things done in a variety of ways through daily mentor sessions with their students, professional development training and helping organizations like **Feeding South Florida** to ensure local families in need receive food assistance each day. Members also have been instrumental at helping at the **County Vaccination Center** at the fairgrounds.

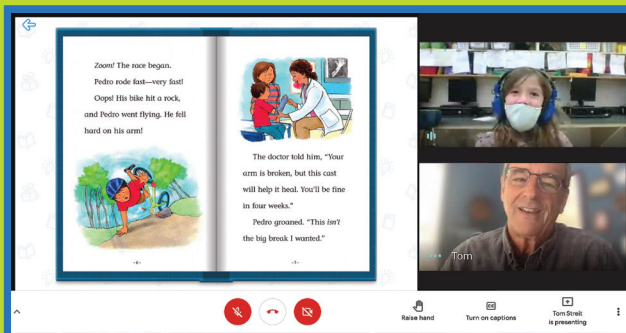

Learning In New Ways

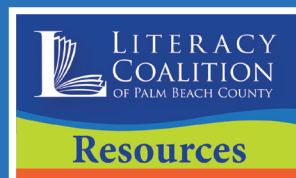

Last spring, the Literacy Coalition modified the way we deliver our integral literacy programs to keep helping our students in these challenging times. Our innovative teachers continue

to use technology to communicate, teach and support our committed students like those in our family literacy programs in Belle Glade and Delray Beach.

THANK YOU LITERACY VOLUNTEERS!

Did you know that our Blume Literacy Center volunteers are still tutoring their elementary school-age students as part of our **Building Better Readers** program? Using technology, the volunteers and students are able to virtually read books together and continue their reading sessions.

Online Learning Tips & Resources

We have compiled tips, lessons and resources from the Literacy Coalition and our partners. D-I-Y Lessons for students in Kindergarten through 8th grade are featured from our **Read! Lead! Succeed!** and **Stories & STEM** programs. The lessons include links to books and videos that complement the literacy-based activities.
